Don,

Never heard of a hearing like that. GSD probably just doesn't want the responsibility for any more land.

Typically, on minor items like this, you would expect the Councilman's desires to be approved. At the Hearing, be sure to have his letter and a rep from his office to speak.

Our Westchester BID is trying to dedicate some lots to GSD as part of a P3 strategy for landscaping and maintaining the Sepulveda entrance to the community. (Sepulveda between Manchester and Howard Hughes Parkway.)

Mike has written a strong letter of support in the face of covert GSD opposition to the dedication.

Now we are told that there is a "hearing" per the subject line to consider this question. Can you shed some light on the hearing and whether or not its possible that our project could be scuttled despite the Councilman's request? I'd appreciate any references you can give me too.

Thanks.
